Summary: A poem that I whipped up real quick as a tribute to Master Chief.

Spartan

Stand strong,
>Against the wall,
Of fire and pain,
>Of the will of the gods.<p>

Fight hard,
>For those that fall,
To honor them,
>In the blood of the enemy.<p>

Yet when the dams,
>Release their tide,
Do not let,
>The stronghold fall.<p>

Unexpected allies,
>In unexpected places,
Create bonds forged,
>That will last the ages.<p>

And now comes,
>The greatest threat,
Forefathers in name,
>Enemies in war.<p>

Loss strikes deep,
>But do not forget,
What you have,
>Master Chief.<p>
